

## COMPETITIVE RATE SHOPPING

Competitive Rate Shopping tools monitor and compare your rates with those of your competitors. Robust reports monitor the future booking horizon to evaluate price positioning across multiple channels: hotel and brand websites, Global Distribution Systems (GDS), Metasearch sites, and scores of online travel agencies.

This productivity tool provides competitive market intelligence to help in the pricing and channel management process. Preferred Travel Group has partnered with industry leading OTA Insight and Rate360 by Amadeus Hospitality to deliver this tool.

### HOW IT WORKS

The Competitive Intelligence Rate Shopping tools crawl thousands of channels and offers the following support and services

- Rate Intelligence Rate Shopper — real-time and adjustable across rate type (including member rates), length of stay, guests, and room size
- Live rate parity (brand + OTA + Meta + GDS)
- Demand forecast
- Holiday & event calendar
- Rank and review reports (future and historical)
- Dynamic reporting — instant, adjustable functionality
- Integrated with leading industry Revenue Management Systems

#### OTA Insight Key Differentiators

- Live rate parity (brand + OTA + Meta + GDS) — drills directly into a parity issue from the application
- 14-day no obligation, free trial period
- Set up within 48 hours; personalized training seminar, user manual, live online chat

#### Rate360 by Amadeus Hospitality Key Differentiators

- GDS at no additional fee
- Integrates with other Amadeus Hospitality tools, such as Demand360
- Bundled discounts available with other Amadeus Hospitality subscriptions
