OUR SERVICES

ENTERTAINMENT

ASCOT has helped to pioneer the *Entertainment Travel Sector*, a concentrated yet far-reaching niche that is a fundamental corner of the industry. Over the last forty years, ASCOT Travel Services has worked to provide the top musical artists, tours, festivals, and film and television productions with 24/7 logistical planning and management when out on the road and moving each and every day through different cities and countries around the globe.

LEISURE

Operating as an elevated boutique and lifestyle brand, ASCOT does not just book vacations, they cultivate experiences. Through our dedicated leisure team, ASCOT architects much more than flights, hotels, or transportation to/from the airport. We work diligently with the client to ensure the best accommodation, in the best locations of the designated cities of travel. Our partnerships and outreach span the globe. These partnerships help to provide our clients with deluxe welcome amenities, ensured upgrades, early check ins, late check outs, food and beverage credits, and direct communication with the management teams of four- and five-star luxury branded properties. Along with partners in the hotel industry, ASCOT also works closely and exclusively with five star greet services, touring operators, and luxury transportation providers. ASCOT prides itself in being able to work with a wide range of budgetary needs and can work within the fiscal parameters of each of our clientele to provide a rockstar experience no matter the cost.

BUSINESS

Nine to five, meeting after meeting—whether it be client events, sporting events, entertaining in a sales positive environment—ASCOT is there to make sure the traveler can get from point A to point Z followed with relaxing accommodations to allow for decompression after days filled with business. Through the support of a dedicated Ascot Advisor, travelers can focus on what is important, their business. Our dedicated accounts team can provide department leads with automated cost reporting, detailed invoicing, or even department specific travel summaries.
